DEAR, SIR/MADAM.

REF; APPLICATION FOR INDUSTRIAL ATTACHMENT

I am a second year student pursuing diploma in perioperative theatre technology at Nyahururu medical training college. I have been impressed by the medical services offered in your facility, especially services correlating to my area of specialization (theater technology). I am therefore writing this application letter to express my interest of becoming a trainee in your institution.

It's my program requirements that I complete a three months attachment. This runs from 9th January to 2nd April 2023. I have had an opportunity to participate in patient care during my clinical rotations and have managed to amass basic skills pertaining my area of specialization. I'm passionate about patient care to totality and also keen at completing my assigned duties on time with various people and I've a keen interest to serve and help them.

I would like to thank you beforehand for considering my application and I hope to meet you soon for discussing what pertains this attachment. You can contact me through 0112125102/0100781532 or kemmybevah@gmail.com. Thank you once more.

Sincerely

BEVALYNE KEMUNTO.
