ACCESS CONTROL SERVICES

Access control compliments CCTV in controlling who is entering any premises and in which area.

This is based on the very latest biometric fingerprint scanning technology. For ease of use and ultimate protection time attendance is essential for safety, security and efficiency.

CCTV CAMERAS & CCTV SYSTEMS

The CCTV cameras are installed depending on the distance to monitor and angle to be monitored. Please call for free consultation and quote.

DOG HANDLING SERVICES

We also have trained personnels who can carefully perform dog handling services.

OTHER SERVICES INCLUDE:

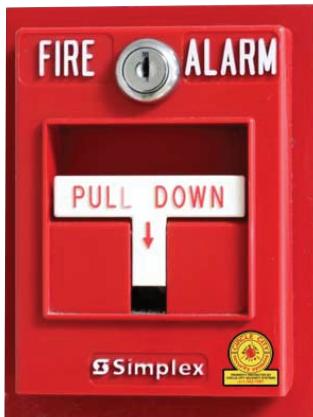

1. Manned Guarding

Manned guarding is a highly effective way of eliminating criminal damage and theft, making it one of the most proactive security measures that you can take.

2. Investigations

3. General Security Consultancy.

FIRE ALARM SYSTEMS

A fire alarm system warns people when smoke, fire, carbon monoxide or other fire-related emergencies are detected. These alarms may be activated automatically from smoke detectors, and heat detectors or may also be activated via manual fire alarm activation devices such as manual call points or pull stations.

INTRUDER ALARM SYSTEM

We deal with both residential and commercial intruder alarm installation services in Kenya.

An intruder alarm system is designed to detect intruder presence.
